

Petition for Conditional Admission to Sequential BS/MAS Degree Program
Department of Statistics
College of Natural Sciences
Colorado State University

This form should be used by Colorado State University undergraduates to seek approval to apply to the Sequential BS/MAS degree program in the Department of Statistics. With the permission of the Graduate Committee of the Statistics Department, the student may be conditionally accepted into the sequential degree program. This does not guarantee admission to the MAS program.

The student must still apply for Graduate School admission to the MAS program by the time specified for such applications (March 31 for Fall admission). Admission to the MAS portion of the sequential program is contingent on evidence that the student can complete the program successfully. Final admission to the MAS is conferred when the applicant meets the minimum SDP and Graduate School admissions criteria upon completion of their bachelor's degree.

Students are admitted into the MAS program only during the Fall semester. MAS admission requirements are listed on the Department of Statistics website.

Applications for conditional acceptance into the sequential degree program must be submitted to the Graduate Coordinator of the MAS program by May 31st of the year before the final STAT-BS year.

A copy of this approved Conditional Admission form must accompany your MAS application materials.

Name of Student: _____ Date: _____

Email Address: _____ Student ID #: _____

Current Major: _____ Tel: _____

Anticipated completion date for BS: _____

Faculty Advisor: _____

Student Signature: _____

Faculty Advisor Signature: _____

Pre-Admission Requirements:

- Met with Graduate Coordinator to review the requirements and expectations to ensure that the student can complete the sequential program []
 - The department imposes specific limits on total number of credits during semesters that student has to take graduate level credits []
- Has completed 90 credits, including 12 300/400-level STAT with a grade of B or higher []
- Cumulative GPA of 3.0 or higher []
- GPA of 3.5 or higher in STAT 341, STAT 342, MATH 160, MATH 161, MATH 261, and MATH 369 []
- Grades of B or higher in STAT 341, STAT 342, MATH 160, MATH 161, MATH 261, and MATH 369 courses []

Graduate Committee Decision:

- [] Approved
- [] Disapproved
- [] Approved pending
